Summary

Full-Stack MERN Developer with experience building responsive web applications and backend services using REST APIs. Strong in authentication, real-time systems, debugging, and scalable application design. Passionate about writing clean, production-ready code and continuously learning modern technologies.

Technical Skills

- **Languages:** JavaScript, Python, Java,
- **Frontend:** React.js, HTML5, CSS3, Responsive Design
- **Backend:** Node.js, Express.js, REST APIs, JWT, Socket.IO
- **Databases:** MongoDB, MySQL
- **Tools:** Git, GitHub, Postman, Linux, Node-cron

Projects

Campus Event Finder

React.js, Node.js, Express.js, MongoDB, Socket.IO, Node-cron

- Built a full-stack application using React.js, Node.js, Express.js, and MongoDB.
- Implemented real-time notifications using Socket.IO to alert users when new events are created.
- Developed a scheduled reminder system using node-cron to notify users daily until deadlines.
- Designed RESTful backend APIs with efficient data handling and user-specific notifications.
- Improved user experience by delivering timely updates while preventing notification spam.

Authentication System

Node.js, Express.js, MongoDB

- Built secure login/signup system using JWT authentication and password hashing.
- Developed RESTful APIs with middleware-based route protection.

Experience

Full-Stack Developer Intern (Project Simulation)

Mar 2026

SmartTask Hub – Task Management Application

- Developed full-stack features including backend APIs and frontend integration.
- Implemented authentication workflows and modular backend architecture.
- Worked on debugging, testing, and improving application performance.
- Collaborated using structured coding practices and scalable development approaches.
- Completed internship project simulation and received certification (ID: 2574395).

Education

B.Tech in Computer Science & Information Technology

Reva University

2023 – 2027

Core Competencies

Frontend Development (React, Responsive UI) | Backend API Development | RESTful API Design | Debugging & Testing | Team Collaboration | Scalable Web Applications
